Objective

Motivated Computer Science student with a foundation in C++, Data Structures, and web development. Seeking an opportunity to apply my skills, contribute to real-world projects, and grow as a software developer.

Education

JECRC University
B.Tech in Computer Science and Engineering, CGPA: 8.03 — 2022 – 2026

Swami Vivekanand Govt. Model School
Senior Secondary (CBSE) – 65.8% — 2021 – 2022

Swami Vivekanand Govt. Model School
Secondary (CBSE) – 70% — 2019 – 2020

Projects

Portfolio Website

Tech Stack: HTML, CSS, JavaScript

- Built a responsive personal portfolio to showcase skills, projects, and education.
- Implemented smooth navigation and a mobile design using CSS.
- Used JavaScript for interactivity, animations, and section-based scrolling.
- Added a dedicated button to download resume and quick access to related fields.

Music Player Web App (Spotify Clone)

Tech Stack: HTML, CSS, JavaScript

- Developed a responsive, single-page music player application with a minimalist, Spotify-inspired user interface.
- Implemented core functionalities like play, pause, next, and volume button to mute and unmute.
- Designed an interactive progress bar that dynamically updates with the song's duration and allows users to seek to specific points in a track.
- Ensured a seamless user experience with smooth transitions and a clean, mobile design built with CSS.

Technical Skills

- **Frontend:** HTML5, CSS3, Tailwind CSS, JavaScript (DOM Manipulation)
- **Backend & Programming:** C++
- **Frameworks & Tools:** Git, GitHub, CLI Tools, Responsive Web Design
- **Problem Solving:** Data Structures and Algorithms
- **Database:** MySQL

Soft Skills

- Continuous Learning
- Strategic Decision-Making
- Growth-Oriented Attitude

Awards & Certifications

- C++ Course Certificate (Certificate)
- Introduction to SQL (Certificate)
- Web Development Certificate (Certificate)
- Reliance Foundation Scholarship
